

## PAULS VALLEY, OKLAHOMA

### EMERGENCY MANAGEMENT STORM SHELTER REGISTRATION

This form is used to indicate your intended safe area in the event of a disaster. Any information gathered will be entered into a database to be used by Emergency Personnel to aid in locating you after an Emergency.

Your safe area can be an above ground safe room, below ground storm shelter, basement or other area of the house determined to provide protection from a disaster. For more information on designing a safe area, the American Red Cross and FEMA have information on tornado safety available on their website.

**THIS INFORMATION WILL ONLY BE USED BY EMERGENCY PERSONNEL  
AND WILL NOT BE SHARED WITH THE PUBLIC.**
